

The Rochester Section of the  
Society of Motion Picture and  
Television Engineers

Rochester AudioVisual  
Association

And

Invite you to enter the 2004-2005  
"Vincent T. Slavin Student Film and Video Festival"

In its 28<sup>th</sup> year, this annual event is intended to encourage, recognize, and promote the work of student filmmakers, videographers and animators. Entries are open to students from all over the United States and will be judged by professional producers, critics, broadcasters, artists, communication specialists and the like.

Productions that receive recognition will be cited for exceptional merit and will be presented and promoted at various SMPTE and RAVA functions for recognition by professionals within the motion picture and television disciplines.

For future use in the student's portfolio, the Festival Chair will present a formal statement of accomplishment to the student.

In the past, Eastman Kodak has awarded film grants to students of winning first place productions that were originated/captured on film. Last year NewTek, Inc. donated a seat of Lightwave 3D, and Avid Technology awarded a seat of XpressDV editing software to the top winners of the festival.

Students stand to gain from this opportunity for evaluation by professionals.

**Deadline** for receipt of entries is July 16, 2005. **ENTER NOW!!!**

Entry forms are available through the Media, Film and Video Departments of your local college or contact:

Paul Tracy  
P.O. Box 23123  
Rochester, New York 14692
